

For Teachers

[National Coalition to Support Sexuality Education – Curricula and Resources](#)

This links to a webpage that provides comprehensive information on a variety of aspects of sexuality education including bibliographies and curricula.

- [HIV/AIDS Curricula](#)
- [Guidelines for Sexuality Education Programs](#)
- [Sexuality Education Resources](#)
- [Sexuality Education Curricula](#)
- [Abstinence-Only Curricula](#)

[SIECUS](#)

SIECUS provides parents and educators with the information they need on important issues such as sexuality education, youth development, sexual and reproductive health, puberty, abstinence, relationships, sexual orientation, body image, self-esteem, sexually transmitted diseases, HIV/AIDS, unintended pregnancy, and more.

[SexEd Library](#)

This site from the Sexuality Information and Education Council of the United States (SIECUS) is a comprehensive online resource for sex educators. It provides up-to-date lesson plans on human development, relationships, personal skills, sexual behavior, and more, as well as detailed information and research on key issues

[Guidelines for Effective School Health Education to Prevent the Spread of AIDS](#)

These CDC guidelines have been developed to help school personnel and others plan, implement, and evaluate educational efforts to prevent unnecessary morbidity and mortality associated with AIDS and other HIV-related illnesses.

[ReCAPP's Evidence-Based Programs](#)

ETR Associates' Resource Center for Adolescent Pregnancy Prevention point to curricula that have shown evidence of changing adolescent sexual risk-taking behavior

[The Red Book: Exposure to Blood on the Job: What School Employees Need to Know](#)

This booklet from the [National Education Association's Health Information Network](#) contains the basic information that school employees need to know about the hazards of contact with blood and body fluids on the job. What are school employees' risks, responsibilities and rights? How can they limit exposure to infections? This booklet is available in English and Spanish

[CDC Unintended and Teen Pregnancy Prevention](#)

Links directly to CDC's web page on Unintended and Teen pregnancy. Provides information on prevention, statistics and reports.

RI Teacher Professional Development

[thrive e-Academy](#)

thrive offers two, free, 5-week/30-contact hour online professional development programs for RI Teachers of Health on

- [HIV/AIDS, STDs and Unintended Pregnancy](#); and
- [Teaching Abstinence in Comprehensive School Health Programs](#).

[RITOH - Rhode Island Teachers of Health "Yahoo Group"](#) (listserv)

This listserv is an open forum for RI K-12 teachers who teach health (HE, HE/PE, School Nurse Teachers, elementary classroom teachers, etc.) to:

- Share information, news, trainings, legislative updates, and other resources;
- Ask and respond to each other's questions;
- Confer about curricula, lessons, and teaching strategies;
- Discuss issues and challenges in schools, and more.
- To subscribe, email RITOH-subscribe@yahoogroups.com

[Project REACH](#)

REACH stands for Relating, Exchanging and Capacity Building for HIV Prevention. Project REACH is managed by DATA of Rhode Island. Project REACH trainings are designed to meet the diverse needs of the prevention community, treatment providers, and supervisors and managers in the field of HIV prevention and beyond. Many of the course offerings are appropriate for school personnel.
